SciAps Z-902 C+ Premium CPO LIBS Analyzer XRF

Alloy+ and Carbon

SKU: CART-05815 Model: Z-902 C+ Product Condition: Certified Pre-owned

$35,000.00

The used SciAps Z-902C+ Premium CPO LIBS Analyzer XRF with Alloy+ and Carbon options delivers fast, accurate alloy and carbon analysis in a portable, handheld device. Ideal for on-site metal testing and material verification. Order now to enhance your field analysis capabilities!

Product Description —

Used SciAps Z-902C+ Premium CPO LIBS Analyzer XRF with Alloy+ and Carbon

Key Product Feature: Advanced In-Field Alloy & Carbon Analysis

Experience the world's first handheld analyzer to deliver precise carbon content—now even better. The SciAps Z-902C+ Carbon Analyzer sets a new standard for in-field alloy and carbon analysis, empowering you to make fast, confident decisions on the job.

Rock-Solid Performance for Alloys and Stainless Steels

- **Alloy & Grade Confirmation:** Instantly confirm alloy type and grade, including 300 series stainless (L, H, and S series) and low alloy steels.
- **Carbon Equivalence for Welding:** Determine carbon equivalents (CE) for welding applications, ensuring compliance and safety.
- **Material Verification:** Perform pre- and post-fabrication checks with lab-quality accuracy.

Industry-Leading Technology

Feature	Description
Unmatched Carbon Sensitivity	Identify carbon down to 70 ppm and get instant CE calculations using a uniquely powerful laser, onboard argon purge, and high-resolution spectrometer.
Efficient Argon Use	On-board argon delivers results for pennies per test—no costly consumables.
Powerful Laser	5–6 mJ/pulse at 50 Hz ensures a clean burn and reliable results.
Laser Raster & Averaging	Rapid-sample multiple locations per test and use multi-shot averaging for robust, reliable data.
Precision Alignment	Micro-camera and LED spotlight allow pinpoint sample targeting.
Dedicated Spectrometer	Superior resolution in the 190–230 nm range for accurate analysis.

Superior Portability and Usability

- **Lightweight Design:** Weighs just 4.35 lbs (1.97 kg) with battery; slim profile accesses tight spaces.
- **Rugged Build:** Aerospace-grade aluminum body stands up to high temperatures and tough environments.
- **User-Friendly Interface:** Redesigned Android-based system with a high-brightness touchscreen for intuitive operation.
- **Connectivity:** Built-in WiFi, Bluetooth, and GPS let you print, email, and connect to any information management system for instant reporting.
